

TRICARE Consumer Watch

North ♦ Quarter 2 FY 2008

HEALTH PROGRAM ANALYSIS & EVALUATION DIRECTORATE

Source: Health Care Survey of DoD Beneficiaries

Inside Consumer Watch

TRICARE Consumer Watch is a brief summary of what TRICARE users in your region say about their healthcare. Data are taken from the Health Care Survey of DoD Beneficiaries (HCSDB). The HCSDB includes questions from the Consumer Assessment of Healthcare Providers and Systems (CAHPS), a survey designed to help consumers choose among health plans.

Figures 1 through 4 show the proportion of TRICARE users enrolled to direct care or using purchased care who respond with a rating of 8 or above when asked to provide a rating on a 0 to 10 scale (where 0 is bad, and 10 is good), of their Health Care,

Health Plan, Personal Doctor, or the Specialist they see most often. Rates are adjusted for age and health status.

Rates are compared with averages taken from the 2006 National CAHPS Benchmarking Database (NCBD), which contains results from surveys given to beneficiaries by civilian health plans. Rates differing significantly from the benchmark are bolded and shown in red.

Health Care Topics

Health Care Topics scores average together results for related questions. Each score is the percentage who “usually” or “always” got treatment they wanted or had “no problem” getting a desired service. Asterisks show values significantly different from the NCBD benchmark ($p < .05$).

Figure 5 presents the composites “Getting needed care”. Scores are based on patients’ problems getting referrals and approvals and finding a good doctor.

“Getting care quickly”, shown in Figure 6 scores concern how long patients wait for an appointment or wait in the doctor’s office.

**Figure 7:
Courteous & Helpful Staff**

“Courteous and helpful staff” scores, shown in Figure 7, measure the courtesy and helpfulness of doctor’s office staff.

**Figure 8:
Doctors' Communication**

Scores in Figure 8, “How well doctors communicate” are based on whether the doctor spends enough time with patients, treats them respectfully and answers their questions.

**Figure 9:
Customer Service**

Figure 9 shows “Customer service”

scores, which concern patients’ ability to get information about their health plan and manage its paperwork.

**Figure 10:
Claims Processing**

“Claims processing” scores in Figure

10 are based on the timeliness and correctness of plan’s claims handling.

Preventive Care

The preventive care table compares TRICARE users’ rates for diagnostic screening tests and smoking cessation with goals from Healthy People 2010, a government initiative to improve Americans’ health by preventing illness.

Rates that are significantly different ($p < .05$) from the Healthy People 2010 goal are shown by red italics.

Legend:

- Direct Care
- ◆ Purchased Care
- Benchmark

Preventive Care					
Type of Care	Qtr 3 FY 2007	Qtr 4 FY 2007	Qtr 1 FY 2008	Qtr 2 FY 2008	Healthy People 2010 Goal
Mammography (women > 40)					70
Direct Care	74	81	88	89 (303)	
Purchased Care	82	82	85	79 (142)	
Pap Smear (women > 18)					90
Direct Care	89	93	93	94 (647)	
Purchased Care	85	88	88	91 (256)	
Hypertension Screen (adults)					95
Direct Care	88	86	89	86 (1578)	
Purchased Care	93	91	93	94 (378)	
Prenatal Care (in 1st trimester)					90
Direct Care	88	85	87	88 (73)	
Purchased Care	84	.	.	100 (35)	
Percent Not Obese (adults)					85
Direct Care	81	82	83	80 (1531)	
Purchased Care	67	67	76	73 (369)	
Non-Smokers (adults)					88
Direct Care	78	83	75	76 (1527)
